To the Shumaker Technology Group Team,

As I reflect on my journey with Shumaker Technology Group over the past four years, I am filled with a profound sense of gratitude for the opportunities, growth, and experiences I've had during my time here. From starting as an intern to eventually transitioning into the role of Director of Web Development, my tenure at STG has been nothing short of transformative.

When I joined STG as an intern, I was eager to learn and grow as a web developer, uncertain of where my journey would take me. However, thanks to the unwavering support and mentorship provided by Kyle and the entire web development team, I quickly found my footing and began to excel in my role. The trust placed in me from the very beginning allowed me to take on increasing responsibilities and make meaningful contributions to our projects.

Over the years, I had the privilege of working alongside talented colleagues who not only shared their expertise but also fostered a collaborative and supportive environment. The camaraderie within the team made every day enjoyable and provided me with the encouragement and inspiration to push myself further.

As I progressed in my career, moving from intern to Director of Web Development, I am immensely proud of the journey I've undertaken and the milestones I've achieved along the way. This elevation in responsibility not only speaks to the trust and confidence that STG placed in me but also reflects the nurturing environment that encourages professional growth and development.

In my role as Director of Web Development, I had the opportunity to lead and mentor a team of developers, guiding them towards excellence and fostering a culture of innovation and collaboration. The experience of managing projects, overseeing client relationships, and driving the strategic direction of our web development efforts has been both challenging and rewarding.

As I embark on a new chapter in my career, I carry with me the invaluable lessons, skills, and relationships cultivated during my time at STG. I am deeply grateful for the support, guidance, and opportunities provided to me throughout my journey here. I want to extend my sincerest thanks to Kyle, the leadership team, and every member of the STG family for their unwavering support and friendship.

Though I may be moving on, the memories and experiences I've gained at STG will always hold a special place in my heart. I am confident that the company will continue to thrive and make a positive impact in the industry.

Thank you once again for an incredible four years filled with growth, learning, and unforgettable experiences.

Best,

Benny Al-Ashari
